

A-0302 Weld Removal Solution

Description

<https://safetytools.no/en/product/a-0302/>

ATEX Certified Weld Removal Solution. – No more Hot Work Permits.

This kit contains our Ex-certified air tool and Weld Seam Removal Disc. Also, unique to our Cutting Solutions, a water control box is used to regulate the flow of water and air to optimize safe performance.

By using ATEX-certified tools from Safety Tools Allmet, you will reduce time spent on demanding risk assessments and cut costs related to shutdowns, fireguards, hot work permits, habitats, and demanding cleanup work.

Technical data

Ex-certified as safe to use in ATEX gas zones 1 and 2, and ATEX dust zones 21 and 22.

Weight: 41kg

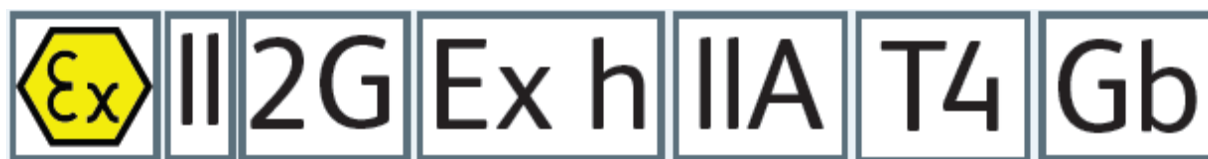

Dimensions: 80x45x64cm
