

## FEATURES

- IP54 performance
- Highly Flexible
- High mechanical strength
- -15°C to +70°C
- Manufactured to BS EN 61386

## RS PRO PVC Coated Galvanised Steel Flexible Conduit 32mm – 30 metres

RS Stock No.: 2149585

RS Professionally Approved Products bring to you professional quality parts across all product categories. Our product range has been tested by engineers and provides a comparable quality to the leading brands without paying a premium price.

### Product Description

# Flexible Conduit

## General Specifications

|                               |                                 |
|-------------------------------|---------------------------------|
| Material                      | Galvanised Steel with PVC cover |
| Colour                        | Black                           |
| Conduit Type                  | Flexible                        |
| IP Rating                     | IP54                            |
| Length                        | 30 m                            |
| Maximum Operating Temperature | +70°C                           |
| Minimum Operating Temperature | -15°C                           |
| Nominal Diameter              | 32mm                            |
| Internal Diameter (ID)        | 29.0mm                          |
| Outside Diameter (OD)         | 33.9mm                          |

## Compatible Glands

| Stock No. | Brand  | Product Name     | Attribute 1  | Attribute 2              | Attribute 3      |
|-----------|--------|------------------|--------------|--------------------------|------------------|
| 2149563   | RS PRO | NPB Fixed Gland  | 2 part gland | High mechanical strength | -100°C to +300°C |
| 2149564   | RS PRO | NPB Swivel Gland | 2 part gland | High mechanical strength | -100°C to +300°C |
