Coupling

2 1/2-inch self sealing industrial couplings

2 1/2-inch self sealing industrial couplings

GENERAL INFORMATION

Meggitt self sealing couplings are designed for use wherever it is necessary to connect and disconnect hoses and pipelines under pressure, quickly and without spillage. They are designed primarily for use in the petroleum and chemical industries where reliability and safety are of prime concern.

Key Features

- Low cost
- Fail safe tank units
- Unrivalled quality for trouble free operation and long life
- Negligible spillage
- Environmentally friendly
- Easy single action coupling and valve opening
- Material: gunmetal
- Nitrile or fluorocarbon seals
- Seven selectivity options

Meggitt Control Systems

Our product competencies & services:
Aerospace valves | Thermal management solutions | Environmental control systems | Electro-mechanical products
Ground fueling products | Energy products | Aftermarket services
