

Solenoid Stop for Kubota B7410D BX1500D Machines - 16851 60015

Description

Overview:

This Solenoid Stop is a genuine Kubota part designed to control safe engine shut-off on Kubota diesel machinery. Built with a robust metal housing and a sealed coil with a moulded electrical connector, it withstands vibration, heat, and exposure commonly found in outdoor and site use. It replaces OEM number 16851-60015 for a precise fit and reliable performance. Suitable for Kubota compact and sub-compact tractors, including the B7410D and BX1500D, it provides dependable fuel shut-off to stop the engine cleanly when the key is turned. Using the correct OEM component helps maintain system integrity, reduces fault tracing time, and supports long-term reliability of your equipment.

Key Features:

- Genuine Kubota part for correct fit and function on supported models
- Direct replacement for OEM No. 16851-60015 to simplify sourcing and fitting
- Durable metal construction with sealed electronics for use in tough environments
- Consistent engine shut-off to prevent run-on and protect engine systems
- Designed to handle vibration and temperature changes typical of site and garden work
- Straightforward installation using basic tools, helping reduce downtime
- Maintains compatibility with the original wiring connector and mounting points
- Supports reliable day-to-day operation and planned maintenance schedules

Typical Applications:

Used on Kubota diesel equipment to control fuel shut-off during normal key-off, servicing, or after replacement of a worn or failed stop solenoid. Common in compact tractors and groundcare machinery working on construction sites, smallholdings, estates, and gardens where reliable engine stopping is essential for safety and productivity.

Also known as:

Fuel stop solenoid, diesel stop solenoid, fuel shut-off solenoid, stop valve solenoid, engine stop coil, fuel cut-off solenoid, engine kill solenoid.

Fits Models:

B7410D, BX1500D, BX1800D, BX1830D

Alternate Part Numbers:

16851-6001-5, 16851-60015, 1685160015

Product Specifications

L&S Part No.	16851 60015
Part Type	Genuine Part
Manufacturer	Kubota
OEM No.	K16851-60015
Unit of Sale	1
Machine Type	Tractors
Fits Brands	Kubota
Key Features	<ul style="list-style-type: none">- Genuine Kubota part ensures correct fit and function- Replaces OEM No. 16851-60015 for easy sourcing- Durable metal housing with sealed electronics- Compatible with B7410D, BX1500D, BX1800D, BX1830D- Handles vibration and temperature changes effectively
Fits Models	D722-BBS
