

Product Datasheet

Product Name: 0C123644 HEATER, 1360W - 230V **Brand:** CLARKE

Product Information

- **Part Number:** 0C123644
 - **Brand:** Clarke
 - **Power Output:** 1360W
 - **Voltage:** 230V
-

Key Features

- **High Efficiency:**
 - Provides effective heating for industrial and commercial environments.
 - **Durability:**
 - Built to withstand demanding conditions, ensuring long-lasting performance.
 - **Versatility:**
 - Suitable for a variety of applications, including workshops, warehouses, and construction sites.
-

Applications

- **Industrial Heating:**
 - Ideal for heating large spaces such as workshops and warehouses.
 - **Construction Sites:**
 - Provides necessary warmth in temporary structures during colder months.
-

Specifications

- **Power Rating:** 1360W
- **Operating Voltage:** 230V
