

## Product Datasheet

**Product Name:** 0C051966-KIT KIT, UPPER COOLANT HEATER HOSE **Brand:** CLARKE

### Specifications:

- **Material:** High-quality rubber
- **Inner Diameter:** 1 inch
- **Length:** 3 feet
- **Temperature Range:** -40°F to 275°F (-40°C to 135°C)
- **Reinforcement:** 2-ply polyester
- **Color:** Black
- **UV and Ozone Resistant:** Yes
- **Compatibility:** Compatible with various coolant systems

### Applications:

- Heavy duty pressure connections
- Marine and industrial use
- Custom turbo or intercooler piping fabrication
- DIY intake or radiator cooling system

### Features:

- High temperature resistance
- Excellent durability
- Meets and exceeds SAEJ20 industry standards
