

Product Datasheet

Product Name: 0C071993-KIT THERMOSTAT, COOLANT HTR 122-140 **Brand:** CLARKE

Specifications:

- **Temperature Range:** 122°F Close, 140°F Open
- **Material:** High-quality components
- **Application:** Coolant heater systems
- **Compatibility:** Clarke Fire Protection Products

Features:

- High durability
- Precise temperature control
- Easy installation
- Meets industry standards

Applications:

- Coolant heater systems
- Fire protection systems
