

#### DESCRIPTION:

The **1 1/8"-8 x 8" stud bolt** is a threaded fastener commonly used in high-pressure applications within the oil, gas, petrochemical, power, and nuclear industries. Manufactured by **Beck Crawford**, a subsidiary of Beck Industries International, this stud bolt is designed to meet stringent industry standards

#### Key Specifications:

- Thread Size: 1 1/8 inches in diameter with an 8 threads per inch (8UN) pitch.
- Length: 8 inches.
- Material: Alloy steel, specifically ASTM A193 Grade B7, known for its high tensile strength and resistance to high-temperature environments.
- Finish: Plain (uncoated), suitable for applications where coating is not required.
- Standards Compliance: Manufactured in accordance with ASTM A193, ensuring quality and performance.
